TRANSFORMING OUR HEALTH

We offer day, weekend and no-meal options, as well as volunteer and scholarship opportunities. Take advantage of our early-bird specials and CEUs for nurses and LAcS. Sally Fallon Morell will present an all-day seminar on traditional diets including lunch for \$75. She'll also offer a Comfort Foods Cooking Class. Our exhibit hall and Friday night film are free and open to the public!

"Wow! I loved so much about this conference . . . **the food** and also vendors, and of course the wealth of knowledge and feeling of such camaraderie." – Rowan O'Brian

"I very much enjoyed the food and appreciate all the work that goes into that. It was really encouraging to meet other like-minded people. And of course, the speakers were excellent." – Alexandra Cohen
